

I'm sorry Larry. I know I have sinned and hurt you too.  
I wish the words "I'm sorry" would make all the pain go away  
and everything alright... it use to.. but it doesn't now.

Oh Larry, I've only wanted to be loved by you and  
your lady at your side. I know I went my own  
direction and other guys entered the scene  
but it was out of a tremendous need to be loved.
