When your unhappy - some people
drink - do drugs - have sex - get sick -
Spend money - anything to escape
the loneliness. I met a guy - a
Christian brother that "communicated"
and took the time to be my friend.
My intentions were pure but because
of the great need not being met by
Larry - I fell into sin.
I felt so badly - confessed it to Larry
and he left me - no discussion -
just served me divorce papers.
